About Maria: A motivated individual with a lot of valuable experience working with international families. I am a friendly and approachable person, always responsible, who knows how to professionally handle and keep calm in situations. I not only have real interest, but also advanced experience in child development and fully understand that the early years of a child's life are vital as the stepping-stones to their successful future. Based on this, I would love to help children thrive in their childhood with stimulating activities which promote learning and a child's physical, mental and emotional development. With great communication skills with both child and parent in English and French, Spanish, Italian, and a bit of Russian. I am currently looking for a suitable position with a family that wants to recruit a proven, talented and capable Nanny.

- Confident decision maker, who works well under pressure.
- Language skills: French (native speaker), English (very good command)
- Able to bond quickly with children and ensuring their needs are met
- Organisation: coordinating children's schedules, maintaining routines
